PRODUCT OVERVIEW 2016/2017

Prisliste pr. 13-10-2016

LUPINE LIGHTING SYSTEMS 2016/17

Prisliste pr. 10/10 2016.

Forbehold for fejl og prisændringer uden yderligere varsel

Info omkring koderne i model navne:

- Batterierne kan hedde **"Hardcase"** eller **"Smartcase"**. Batterierne er opbygget på samme måde, og ser ens ud, men Smartcase har en batteriindicator, som kan vise ladetilstand.
- **"R"** i model betegnelsen betyder "Remote control" og betyder at Bluetooth remote er med i pakken
- **"Tal"** i model betegnelsen henviser til batterikapacitet i pakken. - en "2" betegnelse kan stå for 2,2 Ah og en "4" betegnelse kan stå for 3,3 Ah, så tag det med et gran salt!
- **"X"** i model betegnelsen står for "pandebånd" og er primært gældende for "headlamps"
- Alle helmets og bikelights levers med hjelm montage beslag. Ønskes styrmontage, så skal der tilkøbes **quickrelease** til styret - i den korrekte diameter, hvorpå lampen monteres

57173100	444 - LUPINE USB ONE - Lupine battery to USB Adapter.....	119,00
57173110	1444 - LUPINE USB CHARGER - USB charger for Lupine batteries.....	159,00

DE FORSKELLIGE LADERE:

Wiesel:

Wiesel er lupines basic lader, som har undergået mange udviklingstrin gennem tiderne, og i den aktuelle version lader med 1,2 Ah.

Micro Charger:

Small and powerful! - Denne lille micro lader er velegnet til at lade alle vores Li-Ion batterier, og med 2A lade strøm, så er det en perfekt løsning hvis du er på farten.

Charger One:

Intelligent high-end charger! - Med Charger One får du den nyeste teknologi indenfor batteri ladning. Komplet udviklet af lupines ingeniører, så den matcher lupine produkterne perfekt. Softwaren i laderen sørger for at batteriet oplades til maksimum uden at belaste batteriet unødigt. Informationerne i displayet viser status om spænding, lade strøm og niveau for opladning. Charger One er kompatibel med alle Lupine batterier og lader med 2A, så ingen kan gøre det hurtigere end denne lader.

Piko TL Charger:

Piko TL kræver et andet stik end normale Lupine batterier. Er identisk med Wiesel, og har undergået mange udviklingstrin gennem tiderne, og i den aktuelle version lader med 1,2 Ah.

NEO

Compact Light with High Performance

- > 700 Lumens max.
- > 0,3 - 7 Watt
- > 5 Lighting modes
- > 4 Special functions
- > Integrated low-level redlight
- > 50 g

PIKO R

Little High-tech Wonder

- > 1500 Lumens max.
- > 0,3 - 15 Watt
- > 5 Lighting modes
- > 4 Special functions
- > Bluetooth remote control
- > 55 g

WILMA R

Night Changer

- > 3200 Lumens max.
- > 0,3 - 28 Watt
- > Choose from 10 brightness levels
- > Freely programmable

- > Bluetooth remote control
- > 120 g

BETTY R

The Maximum

- > 5000 Lumens max.
- > 0,3 - 45 Watt
- > Choose from 10 brightness levels
- > Freely programmable
- > 5 Special functions
- > Bluetooth remote control
- > 150 g

SMARTCORE BATTERY:

A press of the button activates colored LEDs and an audible signal to instantly indicate how much energy is left. Additional taillight functions will increase your visibility and safety the times you aren't carrying a dedicated taillight.

Bluetooth® LUPINE LIGHT CONTROL

With the integrated Bluetooth chip, you not only control the Piko, Wilma or Betty through the lamp-head, but also through your remote control button or free smart-phone app.

VERSATILE

No matter how your athletic requirements may change over the years, we'll always have the right accessories for you.

ROTLICHT

160 Lumens, automatic brake light and brightness control, packed into a premium CNC machined aluminum housing. Equipped with the latest sensor and controller technology the Rotlicht is more than just a taillight – it's the smartest safety light ever made.
